

### Available Now - Velvac 2020XG Mirrors on Ford F-650 and F-750 Trucks

*With its class-leading visibility, durability and styling, the 2020XG is the perfect mirror for Ford's F-650 and F-750 trucks - Specify the 2020XG on your next Ford truck order.*

*Options available for both 96" and 102" body widths – manual glass*

***Ford Option Codes: 54H = 96" 54J = 102"***

### Features:

- Fully integrated base, arm and mirror head make the 2020XG a great looking mirror system on the Ford F-650 and F-750 chassis
- Rigid design produces a solid image in glass for improved visibility – 64 sq in flat glass / 29 sq in convex ( 18" ROC) work together to provide complete coverage of passing lanes and blind spots around the vehicle.
- Powder coated die cast base and upper arm - OEM grade plastic mirror head and lower arm cover produce a durable UV resistant finish
- Spring loaded pivot allows the mirror to be folded forward and back and then easily returned to the driving position.
- Easily replaced mirror head and glass help to reduce maintenance and service costs.

Velvac offers the 2020XG in both 96" and 102" body widths.

Be confident that your wide body vehicle meets or exceeds FMVSS 111 requirements for Rear View Mirrors-
