

# NEW! TOP HAT™ Mirror

## Add-On Convex

**Installs in minutes on  
Velvac® Class A mirrors for a  
good look and a great view!**

- Independently adjustable for optimal viewing of typical blind spot areas around and beside the vehicle
- Additional viewing area increases lane change safety
- Same shape as original equipment auxiliary mirror for a retrofit that looks like an OEM installation
- Available in four finishes for an identical match with original Velvac® mirror heads
